

**MERCOLEDI' 28 GENNAIO
ISTITUTO MOTORI - AULA FERRETTI**

Workshop Engine Control & Data Acquisition Solutions

Agenda

Inizio ore 9:30

- NI Power Train Controls Systems
- Necessary Items for Engine Control Prototyping
- NI Powertrain Control Modules
- Typical Engine Control Application
- Refenze applicative industriali
- FPGA-based Engine Position Tracking (EPT)
- NI Direct Injector Driver System
- NI Combustion Analysis System

Speakers:

Ing. Eric Bradley
Director of Business Development
Vehicle and Engine R&D Products
National Instruments Corporate

Ing. Luca Gallo
Responsabile Settore Accademia e
Ricerca - Centro-Sud Italia
National Instruments Italy S.r.l.
